Education

B.Tech in Information Technology , Charotar University of Science and Technology	2022–2026
• CGPA: 9.41/10	
Class XII , Shikhar Public School, Dhrangadhra	March 2022
• Percentage:89	

Projects

Imaginify: AI-Powered SaaS Application for Image Transformation

- Developed a cloud-based AI-powered SaaS platform for image restoration, recoloring, object removal, and background removal using Next.js, Cloudinary, and MongoDB.
- Implemented a secure, scalable backend with serverless architecture, utilizing Vercel API routes, Stripe webhooks for payments, and Clerk authentication.
- Optimized AI-powered image processing workflows, with real-time transformations and seamless user experience.
- Tools: Next.js, Tailwind CSS, Node.js, Vercel, Cloudinary API, Clerk, Stripe (webhooks), MongoDB.

Url Shortner

- Developed a full-stack URL shortener with features like custom URL generation, real-time management, and click tracking.
- Designed a responsive, user-friendly UI with Tailwind CSS and built a robust RESTful API using Express.js with validation, error handling, and secure nanoid-based URL creation.
- Tools: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, nanoid.

Vote hub

- Developed a full-stack online voting system using React.js, Node.js, and MongoDB, featuring real-time vote updates and a secure, scalable architecture.
- Implemented JWT-based user authentication, an admin dashboard with analytics, and email notifications for key voting events.
- Enabled file uploads for voter/candidate profiles and deployed the app securely on Vercel with RESTful API integration.
- Tools: React.js, Node.js, Express.js, MongoDB, JWT, Vercel, Git.

Experience

MERN Web Developer Intern cum Trainee , Agevole Innovation Private Limited	Surat, India (Remote) May 2024 - June 2024
• Designed and implemented backend solutions using Node.js	
• Developed and maintained RESTful APIs for front-end services.	
• Managed and optimized databases using MongoDB.	

SKILLS

Technologies and Frameworks: HTML, CSS, JavaScript, React.js, Express.js, Node.js, MongoDB, Tailwind CSS, REST APIs, SQL.

Programming Languages: C++, C, Java, python.

Developer Tools: VS Code, GitHub, Postman, Vercel.

Relevant Courses: Full Stack Web Development, DBMS, DSA, DAA, OOP, Operating Systems, Computer Networks, Blockchain and Cryptography, Cloud Computing.

Soft Skills: Problem Solving, Team Collaboration, Quick Learner, Adaptability, Communication, Time Management.
